HORIZON EUROPE 2025-2026: OPPORTUNITIES FOR UP

One of UP University's ambitions is to establish research collaboration within our the topic of Responsible Living for the Next Generations. Horizon Europe is one of the main European financing instruments and offers ample funding opportunities for joint UP projects on this topic. During this session, we will offer an introduction to Horizon Europe, with particular focus on these UPportunities, and UP partners will share insight based on their experiences in Horizon Europe.
